

Shuprioti Innovations

a digital recording studio & creative media production house

...Defy Anything Less Than Brilliant...

Your First Step Creative Productivity...

Thank you for your interest in **Shuprioti Innovations**.

We are a Digital Recording Studio & Creative Media Production company based in the Mississauga City of Ontario, Canada.

We have been creating and developing all high end programming and innovative media production for all major television, film, music and satellite broadcasting industries.

We produce a range of high-quality factual, films or documentaries, life-style & comedy and children's programming, music videos made to the channels or clients commissioning brief.

There are many practical reasons for working with a company that offers all the services **SHUPRIOTI** does. You'll know the people; they'll know you; you'll save time and money. But until you're actually dealing with **SHUPRIOTI**, you won't appreciate the day-to-day satisfaction of what we offer.

Bangla Bichitra

A spoof of **DeshiTV's** popular programme **Bangla Bichitra**.

This programme was made completely in house, from the original idea, scripting, filming, editing, music, graphics and tape delivery to the channel on a broadcast master to their specifications.

Other clients Include Crewing Services

We offer a range of services to other companies and broadcasters, if you need a director, editor, director of photography, cameraman, production designer, creative director and/or sound engineer, we are fully capable to reach all of your requirements.

Our production crews come fully equipped with all the latest technology including cameras, lights, sound gears, steadicam, cranes, tracking dollys, and a lots of other gadgets....

Take the advantage of

Make your dreams come true.

Editing and Post Production

Shuprioti Innovations hosts a fully digital editing suite for video & audio post production together with audio-video recording facilities, and other FX suites Outputting to MiniDV, Digi Beta, Beta SP, DVCam and DVD.

Music CD and Video Recording:
